Re: Availability for J6 Home Health and Hospice providers to file electronic cost reporting files via EMAIL

Provider Number:

National Government Services J6 has created a dedicated mailbox for providers to submit their cost report information electronically. Sending the electronic cost report files and any other support you may have electronically, will save on postage costs and also save valuable time in the acceptance of your cost report as well. Electronic copies can be emailed to J6HHA-HospiceMedicareCR@anthem.com. The mail box will not allow any files with the extension of .exe to be transmitted to it. If your PI file (print image) has the extension .exe, double click on it and it will self-extract into the file you can transmit and will have the proper encryption codes attached to it. If you have any questions please email J6HHA-HospiceMedicareCR@anthem.com or call Beverly Rader-Eggert at 414-459-5484.

At this time, it is still necessary to mail in your signed certification page with encryptions and the signed 339 questionnaire. Your cost report will still not be deemed as received until we receive the signed signatures in the mail.

Providers that have less than \$200,000 of Medicare reimbursement may qualify for filing less than a full report. For more information, please go to the cost report section of our website at www.ngsmedicare.com. Low or no cost report submissions cannot have a balance, if you wish to claim bad debts, vaccines or other cost reimbursed items you will need to complete the full cost report and acquire vendor approved software. If you still have questions, please send them to J6HHA-HospiceMedicareCR@anthem.com

Please do not send any PHI information to this mail box. Any PHI information should be sent either through Connex or regular mail and password protected in a separate email.

The mailing address for the cost reports is:
