

January 25, 2024

Dear Member:

Thank you for your continued support of the National Hospice and Palliative Care Organization (NHPCO). As a part of your membership dues, NHPCO is your voice on Capitol Hill and across the federal government. Together, with the support of our advocacy affiliate, the Hospice Action Network, we support policies that preserve, protect, and promote high quality, accessible hospice and palliative care services.

**In calendar year 2023, 2.18% of NHPCO provider dues were used for specific lobbying purposes,** that is direct communications with certain members of federal, state, or local government to influence legislation. These activities are defined by the IRS as “unallowable expenses” and are only permitted to be undertaken by 501(c)(3) organizations in limited amounts. Please share this information with your chief financial officer or the individual, staff, or contractor responsible for completing your Medicare Cost Report.

Your dues support NHPCO advocacy and representation in its broadest sense, activities that go well beyond the scope of defined lobbying activities. If you are interested in supporting these additional activities through the Hospice Action Network, please email [info@nhpcohan.org](mailto:info@nhpcohan.org).

Again, if you have not yet renewed your membership, we strongly encourage you to complete and return the paperwork by March 1, 2024, so we can continue this important work on your behalf.

Sincerely,

Ben Marcantonio  
Interim Chief Executive Officer and Chief Operating Officer
