MedPAC Votes on Modifications to Hospital Aggregate Cap

NHPCO attended today’s virtual public meeting when the Medicare Payment Advisory Commission voted on recommendations that were introduced at the December 2020 public meeting. Commissioners voted in favor of eliminating the update to the fiscal year 2021 Medicare base payment rates for hospitals and fiscal year 2022 and to wage adjust and reduce the hospital aggregate cap by 20 percent. Providers should remember that MedPAC is an advisory board that makes recommendations to Congress. Congress must adopt the necessary legislative changes to put these recommendations into effect. Read NHPCO's press release and see the J.D. Power policy alert on the **Regulatory Updates page** for more detailed information on the recommendations.
