The faculty and planners for this educational event have no relevant financial relationship(s) with ineligible companies to disclose.

Data Collection
In order to support the growth of the ECHO® movement, Project ECHO® collects participation data for each ECHO® program. Data allows Project ECHO® to measure, analyze, and report on the movement’s reach. Data is used in reports, on maps and visualizations, for research, for communications and surveys, for data quality assurance activities, and for decision-making related to new initiatives.

Evaluation
You will be receiving an email with a link to complete a short survey about this session. Please complete the survey within 48 hours. We ask all participants to take the survey as it will help us to improve future sessions.
Ground Rules and Video Teleconferencing Etiquette

• This is an all share-all learn format; judging is not appropriate
• Respect one another – it is ok to disagree but please do so respectfully
• Participants – introduce yourself prior to speaking
• One person speaks at a time
• Disregard rank/status
• Remain on mute unless speaking and eliminate or reduce environmental distractions to improve sound/video quality
• Use video whenever possible; make eye contact with the camera when you are speaking
• Do not disclose protected health information (PHI) or personally identifiable information (PII)

Diversity, Equity, and Inclusion

Acknowledging that diversity is not only racial, but multi-dimensional, encompassing not just race and ethnicity but gender, sexual orientation, religion, incarceration status, and more. LMHPCO is committed to ensuring that everyone feels seen and included from our Board of Directors to our staff, membership and affiliates. As an organization, we embrace diverse backgrounds and perspectives of those with whom we work and encourage our members to do the same with their staff, patients and families whom they serve.

~LMHPCO Board of Directors Diversity, Inclusion, and Equity Statement, approved 4/22/22
Diversity From a Hospice and Palliative Care Perspective

The presence of differences that may include race, gender, religion, sexual orientation, ethnicity, nationality, socioeconomic status, language, (dis)ability, age, religious commitment, or political perspective.
Diversity, Equity, and Inclusion

One size does not fit all
Diversity, Equity, and Inclusion

CMS defines health equity as the attainment of the highest level of health for all people, where everyone has a fair and just opportunity to attain their optimal health regardless of:

- Race
- Ethnicity
- Disability
- Sexual Orientation
- Gender Identity
- Socioeconomic Status
- Geography
- Preferred Language
- Or other factors that affect access to care and health outcome
Diversity, Equity, and Inclusion

*EQUITY is not the same as EQUAL*
Diversity, Equity, and Inclusion

*Equity From a Hospice and Palliative Care Perspective*

- Promoting justice, impartiality and fairness within the procedures, processes, and distribution of resources.

- Tackling equity issues requires an understanding of the root causes of outcome disparities within our society.
Inclusion From a Hospice and Palliative Care Perspective

- Inclusion is achieved when individuals, institutions, and programs are truly inviting to everyone.

- The degree to which diverse individuals are welcomed and able to participate fully in the decision-making processes and development opportunities within an organization or group.
Diversity, Equity, and Inclusion

Do you have an authentic ethic of inclusion? What about them? Them who? I don’t see anyone...

Sure do! Everyone’s welcome here.

Inclusion isn’t something we should have to make a case for. We shouldn’t have to convince other people of the value of belonging.

DEI - Measurement
We (hospices, palliative care providers, society, etc.) talk about DEI, but how do we actually measure it?

The LMHPCO Diversity Assessment Tool is highlighted on the next two slides.

This tool is available free of charge at https://www.lmhpco.org/disparities-and-inequities.

To download the tool directly: https://www.lmhpco.org/assets/healthinequalities/Copy%20of%20LMHPCO%20STAFFING-PATIENT%20DIVERSITY%20QAPI.xls.

Discussion and Recommendations
Discussion and Recommendations

Today we’ve tailored diversity, equity, and inclusion discussion for hospice and palliative care applications. We’ve also shared a useful tool to measure DEI in these organizations.

We’d like to take the remaining time for discussion.

- What have you learned?
- What is one thing you can take away from this presentation and apply at your hospice tomorrow?
- What have been your most difficult obstacles to overcome in implementing DEI projects at your hospice?
- Tell us about a successful DEI project you’ve implemented at your hospice.
- What did we miss?
Key Takeaways

Key Points

- DEI is the lifeblood of any successful organization
- DEI is achievable for any organization
- DEI has measurable outcomes that any organization can baseline and achieve progress

Actionable Steps

- Have you conducted a DEI assessment of your organization?
  - What does it currently look like?
  - What do you want it to look like?
  - Is it possible to achieve what you want it to look like?
- Have you implemented a DEI program in your organization?
- Is DEI part of your organization’s continuing education requirements for staff at all levels?

Session Evaluation and Certificate of Completion

• Your feedback is valuable as we plan upcoming sessions!

• Project ECHO sessions are not accredited for continuing education, but we are able to offer a confirmation of completion for each session. To receive confirmation of completion, please complete the following Project ECHO Session Evaluation and Knowledge Check following each session.
• Would you like to demonstrate your commitment to delivering culturally competent care across the continuum of serious illness in an equitable, inclusive, and person-centered manner?
  • NHPCO is pleased to offer a Health Equity Certificate for individuals who participate in at least 17 sessions in the *Equity Where It Matters* series

• Participants interested in earning the Health Equity Certificate must complete the following [Project ECHO Session Evaluation and Knowledge Check](#) each session.

• Effective July 20, the Session Evaluation and Knowledge Check can be completed using one link for each session.

• Session Evaluation and Knowledge Check links are unique for each Project ECHO session and do not expire. Links for each 2023 session can be found on the [NHPCO Project ECHO webpage](#).
